To Whom It May Concern:

This letter FOIA Request is being written by CAPPAD, INC., a charitable, 501 (3)(C) educational Kentucky corporation, seeking the last issued copies of any and all environmental related agreements between the US EPA and the Commonwealth of Kentucky, Energy and Environment Cabinet.

We have in our possession a copy of the **“National Pollutant Discharge Elimination System Memorandum of Agreement Between the Commonwealth of Kentucky and the United States Environmental Protection Agency Region 4**, dated March 10, 2008, but do not know if it is the latest version and/or if separate amendments have been made to it. There may be other agreements that have been entered into as well.

We are looking for those documents, which define the relationship between the Commonwealth and the US EPA, and identify the responsibilities of both, with reference to upholding Federal environmental laws and regulations. We would appreciate your help in obtaining copies of those documents, so as to better understand what would be required in order for CAPPAD to ask for the US EPA's intervention in the State's execution of those agreements, should that become necessary.

Respectfully,

A handwritten signature in cursive script, appearing to read "Donald Peters", followed by a horizontal line.
